## Author Fees

This journal charges the following author fees.

Article Publication: 250.00 (MYR)

To support the cost of wide open access dissemination of research results, to manage the various costs associated with handling and editing of the submitted manuscripts, and the Journal management and publication in general, the authors or the author's institution is requested to pay a publication fee for each article accepted.

The 250 MYR (~80 USD or 730,000 IDR) fee covers the standard six pages manuscript (included bibliography page). For every additional page an extra fee of 50 MYR per page will be charged. The payment also included delivery fees of TWO hardcopies to the address of the corresponding author.

Instructions for money transfer via bank transfer will be provided by the editor with the notification of acceptance for the accepted paper.

A waiver or partial waiver of author fees may be decided by the editor in case of lack of funding, excessive length of submitted manuscript or other sound reasons provided by the author during the submission. The author should clearly declare that he asks for a waiver in the comments to the Editor box during their submission. The waiver will have no effect on the review result of the paper. A waiver is most likely to be denied if it is not asked in this stage.

If you do not have funds to pay such fees, you will have an opportunity to waive each fee. We do not want fees to prevent the publication of worthy work.
